

## The ultimate vending machine

Conceived as the future of SandenVendo, G-Snack Evolution is an innovative automatic vending machine designed with a motorized central delivery eyelet, providing an ergonomic, user-friendly, and smart vending solution. G-Snack Evolution comes in two sizes: 8 or 10 selections per shelf. Both models maintain an internal temperature range from +2°C to +10°C ideal for drinks, snacks, and various types of food, including vegetables, fruit, and fresh eggs, safely delivered thanks to the central delivery eyelet. Its extreme versatility allows G-Snack Evolution to be suitable for installation inside automated shops as an Extra-Vending machine that dispenses merchandising items.

EV8

# G-Snack Evolution 8
